Semester 2

Course 2: Adjectives and Adverbs

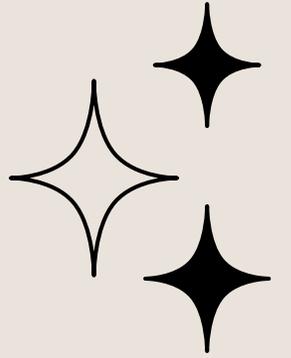

Teacher:
Dr.Lakhdari Khaoula

Introduction

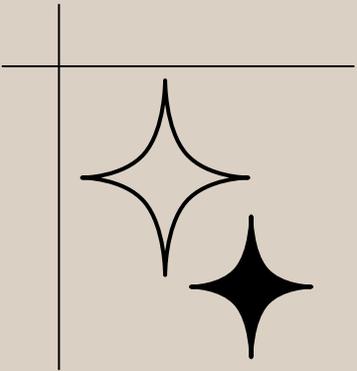

In this course, you will delve into the world of descriptive language, exploring the nuances of adjectives and adverbs. Understanding how to use them effectively can greatly enhance your communication skills.

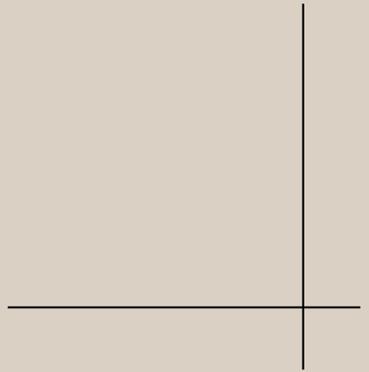

Objectives

- Differentiate between adjectives and adverbs.
- Understand the correct placement of adjectives and adverbs in sentences.
- Apply knowledge of adjectives and adverbs in specialized fields such as architecture.
- Practice exercises to reinforce learning.

01

Understanding Adjectives

Adjectives

Definition:

Adjectives are words that modify or describe nouns or pronouns by providing additional information about their qualities, characteristics, or attributes.

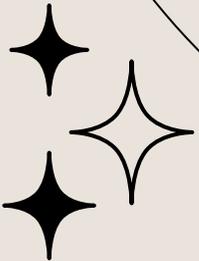

Adjectives in architecture may use to describe features, materials, styles, or qualities of buildings or structures.

Function:

Adjectives can be used to answer questions like "What kind?" "How many?" or "Which one?" They add detail and specificity to nouns or pronouns.

Examples:

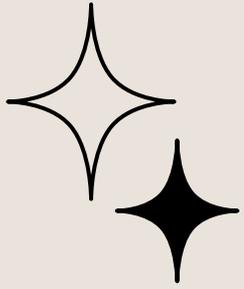

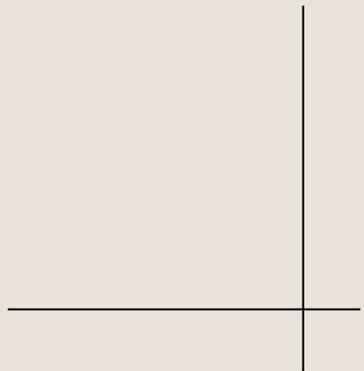

- The **blue** car.
- She is a **talented** musician.
- The **modern** skyscraper.
- She designed a **sustainable** building.

02

Understanding Adverbs

Adverbs

Definition:

Adverbs are words that modify or describe verbs, adjectives, or other adverbs by providing information about how, when, where, or to what extent something happens.

Function:

Adverbs can modify verbs to indicate manner, adjectives to indicate degree, or other adverbs to indicate degree or manner. They add depth and clarity to sentences.

Examples:

- He ran **quickly**.

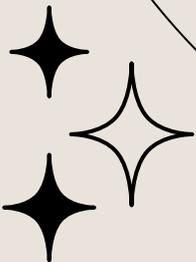

In this example, "quickly" is the adverb modifying the verb "ran."

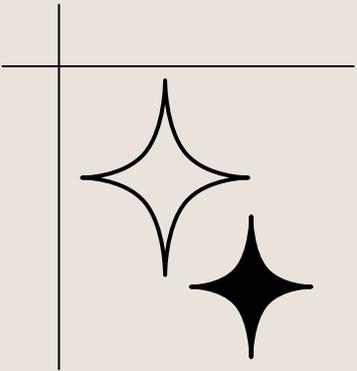

- She is **extremely** intelligent.

In this example, "extremely" is the adverb modifying the adjective "intelligent."

- He runs **very quickly**.

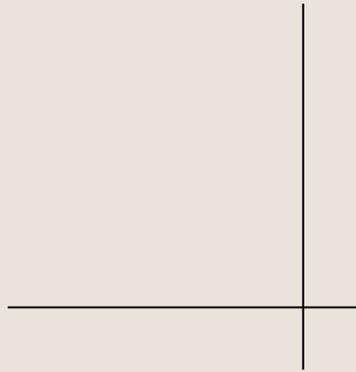

Here, "very" is the adverb modifying the adverb "quickly." It enhances the degree or intensity of the adverb "quickly," indicating that the action of running is performed at a high speed.

03

Differentiating Between Adjectives and Adverbs

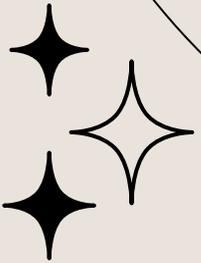

Criteria for Differentiation

- Adjectives modify nouns or pronouns.
- Adverbs modify verbs, adjectives, or other adverbs.

Examples:

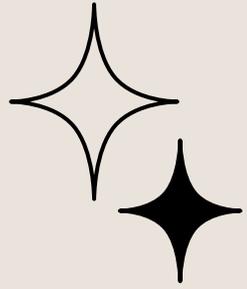

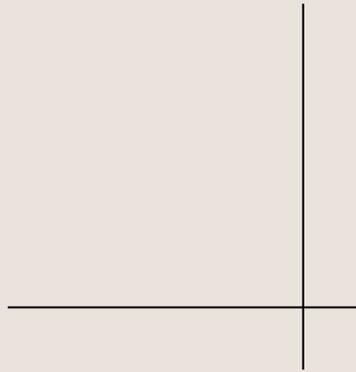

- The cat (noun) is **fast** (adjective).
- The **glass** tower (adjective) reflects the sunlight.
- The cat (noun) runs **quickly** (adverb).
- The architect **carefully** planned the layout (adverb).

04

Correct Placement in Sentences

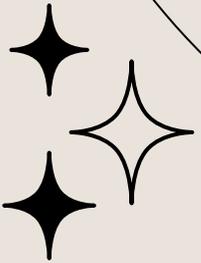

Correct Placement in Sentences

- **Adjective Placement:** Adjectives generally precede the noun or pronoun they modify.
- **Adverb Placement:** Adverbs can be placed before or after the verb they modify, depending on the context. They can also be placed at the beginning or end of a sentence for emphasis.

Examples:

- She has **beautiful** flowers.
- She designed a **modern** house.

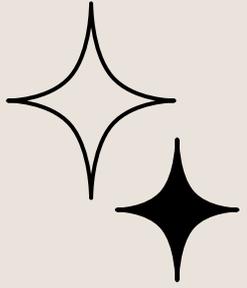

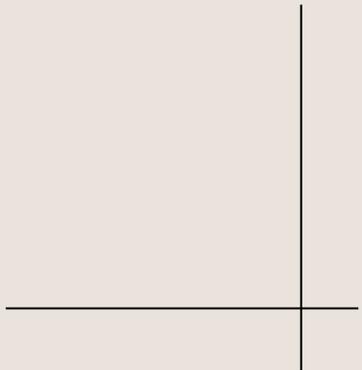

- He **quickly** finished his homework.
- She sings **beautifully**.
